

## OM Publications: Sharika Senarath

---

Ogden, F. L., H. O. Sharif, **S. U. S. Senarath**, J. A. Smith, M. L. Baeck, and J. R. Richardson, "Hydrologic Analysis of the Fort Collins, Colorado, Flash Flood of 1997," *Journal of Hydrology*, 228, 82-100, 2000.

Ogden, F. L., and **S. U. S. Senarath**, "Continuous, Distributed-Parameter Hydrologic Modeling with CASC2D," in F. M. Holly and A. Alsaffar (Series Editors), M. English (Theme Editor), A. Szollosi-Nagy (Theme Co-Editor), *Proceedings of Theme A, Managing Water: Coping with Scarcity and Abundance, Water for a Changing Global Community*, The 27th Congress of the International Association for Hydraulic Research, San Francisco, California, August 10-15, 864-869, 1997.

Ramirez, J. A., and **S. U. S. Senarath**, "A Statistical-Dynamical Parameterization of Interception and Land Surface-Atmosphere Interactions," *Journal of Climate*, 13, 4050-4065, 2000.

Ramirez, J. A., and **S. U. S. Senarath**, "Improvement of the GCM Land-Surface Parameterization by Incorporating a Stochastic Surface Retention Function," in H. J. Morel-Seytoux (Editor), *Proceedings of the Fifteenth Annual American Geophysical Union Hydrology Days*, Hydrology Days Publications, 57 Selby Lane, Atherton, CA 94027-3926, 237-249, 1995.

**Senarath, S. U. S.**, "On Evaluating the Validity of Continuous, Distributed Hydrologic Model Predictions in Spatially Heterogeneous Hortonian Watersheds, *Ph.D. Dissertation*, Department of Civil and Environmental Engineering, University of Connecticut, Storrs, 2000.

**Senarath, S. U. S.**, "Improvement of the Representation of Rainfall-Interception in GCM Land-Surface Schemes," *Master's Thesis*, Department of Civil Engineering, Colorado State University, Fort Collins, 1996.

**Senarath, S. U. S.**, F. L. Ogden, C. W. Downer, and H. O. Sharif, "On the Calibration and Verification of Two-Dimensional, Distributed, Hortonian, Continuous Watershed Models," *Water Resources Research*, 36, 1495-1510, 2000.
